OUR OBJECTIVES

KPI'S

We aim for customer satisfaction and strive for continuous improvement - with the use of company operating KPIs we are able to constantly measure, monitor and improve our performance and safety standards. Performance and internal relationships are important to ensure customer satisfaction.

SAFETY

Complying with Group policies, we ensure the safety of lives, environmental protection and the safety of vessels and cargoes. Company procedures comply with international industry requirements ensuring good and safe vessel operation. All aspects of our business are conducted with honesty and integrity.

PLANNED MAINTENANCE SYSTEM

We operate with electronic and web based Planned Maintenance Systems. These systems ensure that our office staff and vessels are continuously updated and synchronized in order to perform and monitor high quality within budgetary limits.

QUALITY STANDARDS

Adhering to the industry leading standards of ISO 9001:2015, integrated Management System has been certified accordingly.

MEDITERRANEAN MANAGEMENT GROUP L.T.D

OUR VISION

Professional ship management services are based on a strong team, onboard and ashore, working together.

Our experienced team, and technical superintendents are based in Middle East region, with maritime services local and regional representation also offered through our three subsidiaries, MMG located in Greece, Levant shipping located in Dubai, and Levant ship management located in Beirut. Our team has higher maritime education with a long experience working as shipboard officers before joining our office team. It's safe to say that we all were more or less born with fins.

MISSION

Our mission is to provide top quality, reliable, cost effective and efficient consulting services in Management Systems Implementation, regarding:

- ⚓ Health, Safety, Quality and Environment.
- ⚓ Security.
- ⚓ Technical.
- ⚓ Personnel Matters.
- ⚓ Legal Services.

VALUES

Our work is based on Transparency, Innovation, Teamwork and Excellence. Our company aims to build a trustworthy relationship with clients, colleagues and stakeholders, through an open communication pattern and constructive feedback. Moreover, the company is willing to reinforce initiatives and enforce decision making process.

Last but not least, MEMC Marine Consultants intends to operate as a company representing the entirety of what clients, colleagues and stakeholders need, and responding effectively to the demands of the nowadays market..

WE
LOOK FORWARD TO
SERVING YOU!
